Mary--per Jodi's note below, do you have photos from Las Vegas she could provide Jim Morgan? Also, for Jodi's files, she's asking for press clippings.
Jodi--I'll give you a copy of the wrap-up report I received from IMG which is all I have.
FYI, in case you haven't heard, our meeting with IMG, BPAA etc. has been cancelled for tomorrow due to the weather. We'll try & reschedule for as soon as possible & I'll let you know.

Can you folks provide me with some of the photography from the bowling tournament. Jim Morgan is presenting to the Board of Directors on 1/29 and he has requested slides of our major 1995 programs. He is apparently doing a lot of show and tell in his presentation. I need 35mm slides of any of the great moments from the program. No titles or anything like that needed. He will sort through the shots and pick the ones he wants to show. I need these by the 1/12 if possible.

Also, would it be possible to get a written wrap up on the 1995 program. I would like to have for my files any press clippings the program received and a brief recap of what improvements we made in the program and what we want to continue in 1996. This will help us keep Roy, Suzanne and senior management in touch with what we've accomplished.

Thanks. We're looking forward to our meeting with the BPA and IMG next week.

Jodi
